*A note from*  
**CLAIRE BISHOP, EXECUTIVE DIRECTOR**

Good Evening, and welcome to the 9th Annual APS Evening at the Square!

Given the current political climate and the divisiveness that continues to plague our society, we must continue finding opportunities to listen to people with whom we disagree. American Public Square remains committed to providing a space for different points of view.

With that in mind, a conversation between Bret Stephens and Deval Patrick seems appropriate at this time and we are delighted to welcome them tonight. They join us to engage in a candid discussion about the state of our democracy, what a new administration means for our nation, journalism's role in shaping public perspective, and where we go from here.

We are also so pleased to honor long-time friends of American Public Square, Ramón and Sally Murguía, with the 2024 Founder's Civility Award. Not only have Ramón and Sally supported APS since the beginning, they have selflessly blended their legal expertise with grassroots volunteerism to make considerable impacts across Kansas City and with Hispanic communities in particular.

Tonight, we also have a special opportunity to honor ten years of APS. We will do so by recognizing our founder and Board Chair, Amb. Allan J. Katz (ret.), for his many, many accomplishments and his ongoing commitment to the ideals upon which American Public Square was founded.

On behalf of our Host Committee co-chairs and the staff at American Public Square, we are thrilled you are here this evening. As patrons of American Public Square and programs such as these, you are playing an important role supporting our work, and we thank you. Welcome and enjoy!

## FOUNDER'S CIVILITY AWARD

The Founder's Civility Award is intended to honor the accomplishments of a remarkable leader who has demonstrated a commitment to bringing together Kansas City's diverse community to engage in civil, fact-based dialogue.

### SALLY & RAMÓN MURGUÍA

Attorneys, community activists, philanthropists

Ramón and Sally Murguía, residents of the Argentine neighborhood in Kansas City, Kansas, exemplify a shared commitment to community service and social progress. This power couple combines legal expertise with grassroots volunteerism to make a lasting impact on their local community and beyond.

Ramón, owner of Murguía Law Office, has provided legal services to small businesses and individuals for nearly four decades. A trailblazer in Latino philanthropy, Ramón chairs the Greater Kansas City Hispanic Development Fund (HDF), which he helped establish. Under his leadership, HDF has awarded over \$10 million in scholarships to more than 5,000 scholars, primarily first-generation college students. Ramón's influence extends nationally through his 18-year tenure on the W.K. Kellogg Foundation Board of Trustees and his role in organizing an alliance of major Latino-led foundations across the country.

Sally, formerly a partner at Dietrich Davis et al., has dedicated herself to grassroots volunteer work since 1996. She currently chairs the board of the Argentine Betterment Corporation and volunteers with various public school and community programs. Sally's efforts were instrumental in creating the Argentine Neighborhood Development Association, which she chaired from 2004 to 2013.

Together, Ramón and Sally led a volunteer community effort to raise \$2 million for a new \$6 million public library, which opened in 2012. Their collaborative spirit extends to their professional lives, with both holding leadership positions on various non-profit and corporate boards. Ramón serves on the boards of Country Club Bank, W.K. Kellogg Company, Union Station Kansas City, and the Kansas University Endowment Association, while Sally has experience as a board member and chair for organizations like Foxwood Springs Living Center and Country Club Christian Church.

Both fluent in Spanish and graduates of prestigious institutions, Ramón and Sally continue to reside in the Argentine neighborhood where Ramón grew up and where they raised their now-adult children, R. Miguel and Amalia. Their unwavering dedication to community development, education, and social equity has left an indelible mark on Kansas City.

## SPECIAL RECOGNITION

### THE AMB. ALLAN J. KATZ INTERNSHIP FUND

In celebration of our 10-year anniversary, American Public Square has established a new fund to honor the accomplishments of our founder, Amb. Allan Katz.

Today, APS operates a highly-sought internship program through its Civics Engagement Initiative.

During the academic school year, collegiate interns participate in and oversee the APS Student Committee with support from the APS Civics Education Associate. Students work together to increase civic engagement throughout their student body by hosting events and offering their peers opportunities to convene and discuss pressing local, regional, and national issues. Additionally, summer interns partner with APS staff in hands-on work that spans a number of aspects of organizational operations, including marketing, program planning, development, and more.

The Internship Fund will ensure the continuity and growth of this valuable program, providing opportunities for students while supporting the mission of American Public Square. Should you wish to contribute to the Internship Fund, please contact Alana Muller, APS Community Director, at [alana@americanpublicsquare.org](mailto:alana@americanpublicsquare.org) or (816) 601-1001.

## HOW WE DO IT

### THE APS APPROACH

The topics covered during APS programs often elicit strong emotions, whether for panelists or members of the audience. We believe that it is important to create a space where discussions of these issues can address different points of view while ensuring they are substantive, respectful and based on facts. We use “Civility Tools” to help keep things on track even when the dialogue gets challenging. They include:

#### MODERATED DISCUSSIONS

APS events are moderated by objective facilitators who ensure panelists are given time to represent their positions on tough but fair questions.

#### FACT SHEETS

APS compiles a fact sheet in advance of each panel, which is reviewed beforehand by the panelists and distributed to the audience.

#### ROVING REPORTER

Our Roving Reporter, usually a representative from a credible local media outlet, is engaged during the program to gather and curate audience questions.

#### FACT CHECKERS

Programs feature real-time Fact Checkers to confirm the validity of comments made during the program.

#### CIVILITY BELLS

The Civility Bell is a symbol for engaging the community in our mission—to improve the tone and quality of civil discourse. These are provided to audience members to ring and “reset” when panelists wade into false, overly dramatic, or hyper-emotional territory.

#### SO WHAT? NOW WHAT?

At the end of each event, panelists are given the opportunity to make closing statements in the form of answers to these questions. This allows our experts to restate their position on the topic at hand in a way that is actionable for the audience.

#### NO APPLAUSE

No applause is allowed during a program except at the beginning and end of the event. This ensures perspective is not swayed one way or another in the midst of the discussion.
